

CUSTOM QUICK SADDLE FIT™ (patent pending)

Ill-Fitting Saddles Are A Thing Of The Past!

Custom Quick Saddle Fit

The Original Do-It-Yourself Saddle Fit System

Ill-fitting saddles are a thing of the past
Custom Quick Saddle Fit-system allows saddle owners to change width of the gullet, length of the saddle panel and balance of a saddle easily and effortlessly!

Keep the saddle you have and use our system for the perfect fit!

With our Custom Quick Saddle Fit system anyone can change the shape of their saddle in a matter of minutes!

Features and Benefits!

- Pads adjust to change gullet width, panel length & balance of saddle.
- Gets the bars off the shoulder for unencumbered movement
- Keeps your girth in place for virtual no saddle slippage
- Allows your horses back to "fill in" behind the withers
- Keep and use your favorite saddle and SAVE MONEY!
- Pads attach and re-attach for use between different saddles making them the perfect option for lesson horses.

August 2009

Rally has used the Custom Quick Saddle Fit system for 3 months in these photos. Color variation due to his summer body clip. Note the growth of his wither and his "filling in" behind the wither

November 2009

Have you ever said?

- * *My Saddle panels are too long-*
- * *I wish my gullet was wider*
- * *My horse's back hurts*
- * *I don't want to buy a new saddle!*

Our Kit was designed for you!!!

It's Easy!

- **1-Apply** the included Velcro strip along the length of your saddle panel
- **2- Align** the pads to give your saddle a wider gullet, shorter panels (if needed) and a perfect balance.
- **3- Attach** the pads to the Velcro Strip
